---

Many thanks to all our volunteers who worked hard to make Turkfest 2011 a success.

Our volunteers have worked hard in the days and months leading up to the festival in preparation and running the festival through the festival weekend. We reunited with some old friends and made some new ones. We hope to see you all back next year.

Special thanks to area leads who led their areas in planning and setting up activities in their areas. You can find their names bolded below. Our steering committee members have shared duties leading the other areas

### **Festival Steering Committee**

Bilge Soysal
